

Keynote Educational Easter Revision 2010.

Get The Grades!

The Easter break is recognised by students, parents and teachers as the most crucial time in every revision calendar. Used efficiently, this time can make a key impact on final grades, giving students time to plug any gaps in subject understanding, refine examination technique and fully understand what is needed to reach the most challenging of target grades.

Why Choose Keynote?

Keynote enjoys an unrivalled reputation for the support we already offer to teachers and students through our extensive training and one day student conferences. We are committed to replicate this high quality provision in our NEW Easter revision courses.

Students will be guaranteed:

- Small intimate classes, with plenty of time for individual support and attention
- The very best tutors: all tutors are drawn from our trusted team of senior examiners and leading subject experts unrivalled in their ability to support examination success
- 100% tailored courses: All courses will be exam board specific and, in addition, students will have contact with their tutors before (and after) the courses giving them the opportunity to raise problem areas and have an input to the content of the courses
- A focused, comfortable environment, conducive to study, in central, easy to reach city centre locations (London and Manchester)

Please do let us know if you would like to request some fliers for your students or posters for your school.

The Courses:

A full range of courses at GCSE, AS and A2 can be selected from the menu below. All courses will be 100% tailored to your own examination board making all sessions fully relevant for your examination.

- Small study groups are less intimidating and offer plenty of opportunity for stimulating one to one tuition
- All courses have been specially designed to make maximum impact on your final grade
- You will have direct contact with your tutor in the run up to the courses giving you the opportunity to highlight problem areas and create bespoke support for your needs

- Most courses take place over 3 days, 18 hours of revision, and offer the perfect balance of revision, examination technique and preparation to help you reach your full potential

What you can Study:
