CONFERENCE AIMS

In schools and colleges, all staff have a responsibility to provide a safe environment in which children can learn and to identify those who need further help. How confident are you that your safeguarding policies and procedures are compliant with the latest regulations?

Concerns around emotional and mental health, behaviour and attendance, and gang and knife crime, amongst others, all contribute to the challenges faced by accountable staff in education. Key current legislation and reforms including the Children and Social Work Act 2017, *Working together to safeguard children*, *Keeping children safe in education*, and the Domestic Abuse Bill 2018 are changing the landscape considerably. Working together across schools, colleges, social services, police, CAMHS and other agencies is imperative. However, many organisations report difficulties in collaborating and communicating effectively, especially when it comes to exchanging information.

Offering a clear understanding of the latest regulatory requirements for safeguarding, the Safeguarding in Schools conference has been established to promote best practice in effective collaboration across statutory and non-statutory bodies. Focusing on the intersection between safeguarding, wellbeing, behaviour and attendance, the agenda will cover themes including successful emotional and mental health response arrangements; effective approaches to gang-based violence including county lines, CSE and CCE; and best practice in online safety, peer-on-peer abuse and contextual safeguarding. The only such event to be researched directly with key stakeholders from across primary and secondary schools, sixth form colleges, local authorities and more, this conference is built around speakers and sessions which will equip you with practical solutions to take back to your school.

Join us at the Safeguarding in Schools conference to gain new knowledge from professionals with innovative and transferable approaches to safeguarding. Benefit from in-depth case scenario sessions and case studies which will leave you informed, confident and empowered to safeguard the children in your care.

Confirmed speakers include:

Judy Shaw *President, NAHT and Headteacher, Tuel Lane Infant School*

Clare Erasmus *Head of Faculty, Mental Health and Wellbeing, Brighton Hill Community School*

Anna Cole *Parliamentary and Inclusion Specialist, ASCL*
