

TEACHER WEBINAR

NEW: TEACHING A LEVEL SPANISH PAPER 3 IRP

FOCUS

This This webinar focuses on the most stressful, but potentially the most rewarding, element of the A Level qualification. As an experienced A Level visiting oral examiner, Georgina Irvine will demonstrate how to inspire your students to choose challenging and creative topics for their Individual Research Projects. She will give examples of how you can facilitate research opportunities for your students by collaborating with other colleagues and organisations. Teachers will learn how their students can access top marks by practising presentation, questioning and interrogation techniques. Teacher examiners will understand better their own role when conducting the oral examinations.
