GIVE YOUR STUDENTS A SPORTING CHANCE

With this comprehensive exam and skills focussed revision conference

ABOUT THIS CONFERENCE

This exciting, interactive and refreshed A level AQA PE programme will be delivered in a face to face format (unless government regulations mean we have to move it online). The day will provide students with a motivational, informative and valuable revision day. Specially designed by practicing senior examiners, the day will give your students expert advice, guidance and examples on how to improve their performance in their examinations.

The conference will help your students understand exactly what is expected of them in Paper 1 and Paper 2 exams and equip them with the subject key knowledge and understanding of key topics they will need to succeed.

They will also gain guidance on how they should answer exam questions to gain maximum marks, work through during the conference, interacting with the examiners, on good and less good responses, and ask questions to the experts.

By attending the conference, students will benefit from a valuable, memorable, interactive and enriching opportunity while at the same time taking away a wealth of real guidance, techniques, tips, and a revision set of notes written directly by the examiners.
