At Keynote Educational, we believe in the power of high-quality professional learning to inspire teachers, strengthen leadership, and transform pupil outcomes. For over two decades, we have partnered with schools to deliver CPD that is practical, evidence-informed, and immediately applicable in the classroom. From teacher and leadership development to bespoke staff training, pupil enrichment sessions, and expert assessment support, we help Primary schools achieve their objectives and create environments where both staff and pupils thrive.

## Spotlight on PRIMARY

### Teacher CPD Courses

Practical, inspiring, and rooted in real classrooms, our CPD courses are designed to meet the needs of Primary teachers at every stage of their career. Covering curriculum, pedagogy, and subject leadership, each course provides up-to-date strategies, practical tools, and fresh ideas to build teacher confidence, enhance classroom practice, and help every child thrive.

### Leadership CPD Courses

Our leadership courses are supportive, practical, and aligned with the realities of leading in a Primary setting today. Whether you are stepping into your first leadership role or preparing for headship, these courses will help you clarify your values, strengthen your leadership style, and develop strategies to lead people, curriculum, and change with confidence and care.

With keynote insight, evidence-based strategies, and practical takeaways, equipping leaders with knowledge and confidence to respond to current challenges and take ideas straight back into school.

### In-School CPD for Teachers & Leaders

From whole-school training to subject leadership development, our in-school CPD offers a flexible, cost-effective way to bring expert professional learning directly to your staff. All our Primary courses can be adapted to reflect your school's context and priorities, ensuring training has an immediate and lasting impact.

### In-School Pupil Events

Designed for Primary pupils, our in-school sessions support learning, confidence, and progression. From curriculum enrichment workshops to focused transition and SATs preparation, all sessions are delivered by experienced practitioners who understand how to motivate and inspire young learners in engaging, age-appropriate ways.

### Assessment & Feedback Services

Clear, accurate, and developmental, our assessment services support both teachers and pupils across the Primary phase.
