Keynote
educational

At Keynote Educational, we believe in the power of high-quality teaching and learning development to transform classroom practice and raise student outcomes. For more than two decades, we have worked alongside schools, teachers, and students to deliver training that is impactful, practical, and forward-thinking. Let us support your school's objectives with a tailored package, including teacher and leadership CPD courses, bespoke staff training, impactful student revision events, and expert exam marking.

Spotlight on SCIENCE

Teacher CPD Courses

Informative, practical, and inspiring - our CPD courses focus on wide a range of subject specific areas and departmental leadership. Designed by our expert team and delivered by experienced course leaders and examiners, each course offers up-to-date strategies, real classroom insight, and tools to boost teacher confidence and student success.

National Conferences

Our national conferences bring together leading experts, practitioners, and school leaders to explore the most pressing priorities and challenges in education and leadership. Each conference offers high-impact insight, practical strategies and the latest thinking - equipping delegates with knowledge they can take straight back and implement in school.

In-School Student Events

High-impact, focused, and flexible, our in-school revision sessions are led by expert and experienced examiners. Designed for GCSE and A-Level students, each event targets key exam techniques, revision strategies, and examiner expectations. Students leave feeling more confident, better prepared, and ready to succeed – with sessions available face to face or online to suit your school's needs.

Leadership CPD Courses

Our leadership courses are engaging, practical, and aligned with the latest priorities and developments. Whether you're stepping into your first leadership role or considering your next career move up the leadership ladder, our courses will give you a deeper understanding of who you are as a leader, what you stand for, and how to move forward with impact.

In-School Teacher Events

Whether it's whole-school training, department development, or leadership support, our in-school sessions provide a flexible, cost-effective way to bring expert-led professional learning to your staff. All our subject and leadership CPD courses can be delivered directly in your school and tailored to meet your specific priorities.

Exam Marking & Assessment

Fast, accurate, and impartial – our exam marking service provides detailed assessment and feedback for both students and teachers. We only use experienced, exam board-trained examiners to ensure the highest quality and consistency. Covering A-Level and GCSE across all major exam boards, our marking helps identify strengths, target areas for improvement, and prepare students more effectively for final exams.

"Keynote has been a game-changer, ensuring our mock exams mirror the real thing, maintaining high accuracy and quality. This invaluable service lightens teacher workload and empowers them to concentrate on impactful classroom interventions. Our students experience a seamless transition from mocks to the actual exams, setting them up for success."
